INDEX TO SUBJECTS

(Italics Indicate Subjects of Original Communications)

Abdomen in lead colic, X-ray of the 358
Abortion 275
Acetyl-beta-methylcholine on paroxysmal auricular flutter, Effects of intravenous 341
Air and food passages, Foreign bodies in 201
Allergy: At it again 358
American Medicine: Expert Testimony Out of Court, 158, 218, 280, 342, 392, 464; — — — — — —: The creed of the four hundred, 539; Who are the four hundred, 540; The experts, 540; — —: "Red Cat", 113; — Medical Association, House of Delegates, 227; — Medical Association membership: a bunch of professors 539
Amytal in dysmenorrhea, Use of 216
Anemias, Classification and treatment of 461
Angina pectoris and insulin 196
Appendicitis, 209; *— and children: report of a case with intestinal parasite*, 31; *Diagnosis of — in children* 38
Arterial disease, Problems in the diagnosis and treatment of 7
Arthritis, The treatment of 81
Asphyxia, Acute carbon monoxide 337
Atrophies, Orthopaedic treatment of the muscular dystrophies and muscular 40
Atrophy, Werdnig-Hoffman familial progressive muscular 90
Auricular, flutter, Effects of intravenous acetyl-beta-methylcholine on paroxysmal 341
Autohemotherapy in the treatment of psoriasis and herpes zoster: preliminary report, The use of 378

Bacillary dysentery in infants, Treatment of 99
Bicentennial, The Richmond 53
Bigger and Horsley's surgery 54
Bleeding, Intestinal, 94; The causes, diagnosis and treatment of uterine — 275
Blindness 113
Blood changes due to physical exercise, Circulatory and, 154; Modern aspects in study of — 316

Book Announcements.

American Medical Association—New and Non-Official Remedies 289
Blanchard—Dr. Betterman's Diary 288
Blum—Applied Dietetics 538

Zahorsky—Synopsis of Pediatrics, 166; Pediatric Nursing 166

Calcium and the teeth 357
Cancer (see *Carcinoma*); *— of the uterus*, 129, 277; —: a fear complex, 169; *Ten golden rules of the — examination* 222
Carbon monoxide asphyxia, Acute 337
Carcinoma (see *Cancer*); *— of colon in childhood; report of case*, 140; *— of the sigmoid and rectum: common diagnosis errors which are readily avoidable: case reports*, 143; *The early manifestations of — of cervix: with a discussion of the pathological findings* 146
Cervix, The early manifestations of carcinoma of the: with a discussion of the pathological findings 146
Childhood, Carcinoma of colon in: report of case 140
Children and appendicitis: report of a case with intestinal parasite, 31; Diagnosis of appendicitis in —, 38; Hernia in infants and — 487
Circulatory and blood changes due to physical exercise 154
Civilian medical profession, The importance of coordinating the military and naval medical services with the 46
Climacteric symptomatology, The physiology of the 207
Colic, X-ray of the abdomen in lead 358

Colleges.

Medical College of Virginia 232
University of Virginia, Department of Medicine 233

Colon in childhood, Carcinoma of: report of case 140
Compulsory health insurance a la Canada 229
Cyst, Liver 279

Death rides with Venus 229
Deaths (see *Obituary Record*)
Deficiency disease the result of interference with absorption from the gastro-intestinal tract; case reports 26
Diabetes in its relation to angina pectoris and insulin 196
Diabetic surgery at the Garfield Memorial Hospital from January, 1924, to June, 1936, inclusive 507
Digitalis and — bodies: Studies upon the persistence of action of 33
"Doctors on Horseback": They are seven 476
Dyscrasias, Endocrine 278
Dysentery in infants, Treatment of bacillary: a note on the use of fluids in 99
Dysmenorrhea: treatment by oral use of ephedrine and amytal 216
Dysphagia, Hysterical: report of a typical case 142
Dystonia, The treatment of neurovegetative 386
Dystrophies and muscular atrophies, Orthopaedic treatment of muscular 40

Edema, Principles guiding treatment of generalized 365
Education as a factor in the solution of present problems, Medical, 158; The relation of the hospital to medical — and medical practice, as discussed in "American Medicine" 342
Electro-surgery in urethral conditions 249
Endocrine dycrasias, 278; *Some observations on — therapy* 489
Endometrial tissue in drainage wound following bilateral salpingectomy: a discussion and case report, implantation of 447
Enemies without 114
Ephedrine in dysmenorrhea, Use of 216
Evolution versus revolution 541
Exercise, Circulatory and blood changes due to physical 154
Extravasation of urine associated with urethral strictures: with presentation of new urethrotome 247

Female, Sterility in the 214
Femur, The problem of non-union in fracture of the neck of the 77
Fever therapy in neurosyphilis 135
Fibroid tumors 276
Fishbein's letter in regard to sickness insurance 291
Fluid in the tissues, Principles guiding treatment of generalized 265
Food and air passages, Foreign bodies in 201
Foreign bodies in the air and food passages, Observations in the management of one hundred and sixty-four 201
Fracture of the neck of the femur, The problem of non-union in, 77; *The prevention and treatment of the — deformities of the lower end of the radius* 325
Fractures, Difficulties in treating, 127; *The non-padded or ambulant plaster cast in the treatment of —* 137

Garfield Memorial Hospital, from January, 1924, to June, 1936, inclusive, Diabetic surgery at the 507
Gastric emptying, The regulation of 182
Gastro-intestinal tract, Deficiency disease the result of interference with absorption from the: case reports 26
Gerhard, William Wood 290
Goiter in the United States, Deficiency of solar radiation and deficiency of iodine as factors in the distribution of simple, 185; Present day trends in surgery for — 188
Gonorrhea: report of results in one hundred cases, The use of sulfanilamide in the treatment of, 433; Prevalence of — and syphilis in Richmond, Virginia, 299; Program

for control of — in Richmond, Virginia 307
Gonorrheal urethritis, Sulfanilamide in the treatment of 436
Government in the organization of medical care, What is the rightful place of 464
Group practice: as discussed in "American Medicine" 280

Head injury, Some observations in eighty cases of 334
Health and marriage, 169; Federal — insurance laws, 170; A national department of —, 229; Tampering with the nation's — 418
Heart, Clinical diagnosis of irregularities of the, 123; The tobacco —, 319; Effects of intravenous acetyl-beta methylcholine or paroxysmal auricular flutter of the 341
Hematology, Modern aspects of 316
Hemihypertrophy: a case probably acquired associated with pituitary tumor 22
Hemorrhage, The diagnostic significance and clinical management of pulmonary 492
Hernia in infants and children 487
Herpes zoster: preliminary report, The use of autohemotherapy in the treatment of psoriasis and 378
Hoeber, Paul B. 415
Horsley and Bigger's surgery 54
Hospital to medical education and medical practice, The relation of the: as discussed in "American Medicine" 342
Hypertension, Management of vascular 505
Hysterical dysphagia: report of a typical case 142

Impossible happens, The 217
Indian, Medical practice among the American 541
Infant, Congenital pyloric stenosis: report of a case in a premature 512
Infants, Treatment of bacillary dysentery in, 99; Hernia in — and children 487
Infections, The use of drugs in the treatment of urinary tract 501
Inflammatory conditions, Roentgen therapy in 15
Influenza, 457; Vaccine for 358
Injury, Some observations in eighty cases of head 334
Insulin, Angina pectoris and 196
Intestinal bleeding, 94; *Acute — obstruction,* 256; Appendicitis and children report of a case with — parasite 31

Jones, Doctor "Willie" 284

Laymanization, More 291
Lewis' warning, Senator James Hamilton 228
Ligation of the umbilical cord by the use of clamps 459
Liver cysts 279

Marriage and health 169
Medical Society of Virginia, 415; Reports for the 68th annual session of the — — — —, 396; Delegates to Roanoke meeting of the — — — —, 422; Report of the committee to review the question of syphilis control of the — — — —, 42; Roanoke, convention city for 68th annual meeting of — — — —, 348; Program of — — — —, 351; Proposed amendment to constitution of the — — — —, 354; The functions of the — — — —, 429; George Franklin Simpson, President of the — — — —, 475; Annual meeting of the — — — —: the best yet, 475; Proceedings of the — — — —, 520; Special committees of the — — — —, 542; What is the rightful place of government in the organization of — care, 464; — education as a factor in the solution of present problems, 158; — examiners for Virginia, 478; — practice among the American Indian, 541; Some phases of school — work 100, 162
Medicine, The practicing physician's part in preventive, 103; — and the social revolution in Mexico, 416; Taking the mystery out of 477
